

IronOaks Patrol

Gate Entry—Sentex System

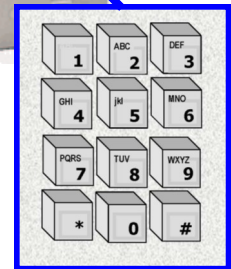

To set up the Sentex system so that your guests can use the Sentex System, at the Halley Gate in Ironwood, E.J. Robson Blvd, North Dobson and Sun Lakes Blvd Gates in Oakwood, you will need to have a 480 Area code phone number. If you have that, then you will need to go to the Patrol Office in Oakwood and be issued a four-digit code.

To use the Sentex System

Four-Digit Code:

If you provide your four-digit code to your visitor, the visitor pulls up to the Sentex box in the Visitor's Lane, presses the [#] button and enters the four-digit code, which will ring your telephone. If you recognize the caller and want to allow them to enter, you will press [9] on your telephone and hang up. Be sure to give them directions before you press the [9], because that will terminate the call.

Screen

Name Only:

If your visitor does not know your four-digit code, the name directory is selected (A-J or K-Z) according to the first letter of your last name. Then they will press the [#] key on the phone pad, and continue pressing it over and over as the pages scroll down. When the right name is located, the four-digit code will also be displayed. At that time, the visitor will press the four-digit code and it will ring your telephone. Then, if you recognize the caller and want to allow them to enter, you will press [9] on your telephone and hang up. Again, be sure they have directions to your home before you press [9].

Key Pad

No one is at the Gate House, or you are at N. Dobson Gate, and you do not have a Gate Device:

Using either Sentex box, press the [#] button, followed by 0 0 0 0. This will call the IronOaks Mobile Patrol on duty and they will assist you in entering the community.

Questions?

Please call the Director of Patrol at 480-802-4937 during office hours of 8 am to 4 pm, Monday through Friday, or call the Mobile Patrol Officer on duty at 480-797-6508.
